THIRD PARTY LIABILITY. Any person attending the Auction on March 7th shall be deemed to be there at his own risk. He shall have no claim against the organisers or Auctioneers in respect of any accident which may occur or injury, damage or loss, howsoever caused.

STANDARD CONDITIONS OF SALE

1. The Auctioneers make every effort to ensure the accuracy of the catalogue and the description of lots.
Each lot as set out in the catalogue or as divided or combined with any other lot or lots is sold by the vendor with all faults, imperfections and errors of descriptions.
The Auctioneers do not accept responsibility for the authenticity, attribution genuineness, origin, authorship, date, age, period, condition or quality of any lot, unless they have been instructed in writing by the vendor so to certify, and in such case the Auctioneers do so as agents of the vendor and are not themselves responsible for such claims.
All statements, whether printed in this catalogue, or made orally, as to any of the matters set out above are statements of opinion only and are not to be taken as being or implying any warranties or representations of fact by the Auctioneers, unless they have been instructed in writing by the vendor so to certify, and in such case the Auctioneers do so as agents of the vendor and are not responsible for such claims. Any claim under any Statute must be received in writing by the Auctioneer within ten days of the day of the sale.
2. The Auctioneer has absolute discretion to divide any lot, to combine any two or more lots or to withdraw any lot or lots from the sale, to refuse bids, regulate bidding or cancel the sale without in any case giving any reason or without previous notice. He may bid on behalf of the vendor for all goods which are being offered subject to reserve or at the Auctioneer's discretion.
The highest bidder shall be the buyer except in the case of a dispute. If during the auction the Auctioneer considers that a dispute has arisen, he has absolute discretion to settle it or to re-offer the lot. The Auctioneer may at his sole discretion determine the advance of bidding or refuse a bid.
Each lot is put up for sale subject to any reserve price placed by the vendor. Where there is no reserve price (but not otherwise) the seller has the right to bid either personally or by any one person (who may be the Auctioneer).
All conditions, notices, descriptions, statements and other matters in the catalogue and elsewhere concerning any lot are subject to any statement modifying or affecting the same made by the Auctioneer from the rostrum prior to any bid being accepted for the lot.
3. The Auctioneers disclaim any responsibility for default by either the buyer or the vendor because they act as agent for the vendor only and, therefore, do not pay out to the vendor until payment is received from the buyer. Instructions given by telephone are accepted at the sender's risk and must be confirmed in writing forthwith.
4. Each buyer by making a bid for a lot acknowledges that he has satisfied himself fully before bidding by inspection or otherwise as to all the Sale Conditions, the physical condition of and description of the lot including but not restricted to whether the lot is damaged or has been repaired or restored.
5. Legal title will not pass to the buyer until the lot(s) has been paid for in full, but each lot is at the sole risk of the buyer from the fall of the hammer. Each buyer shall forthwith give his full names and permanent address and if called upon to do so by the Auctioneer shall forthwith pay such proportion of the purchase price as the Auctioneer may require. If the buyer fails to do so, the lot may at the Auctioneer's sole discretion be put up again and re-sold.
6. Every bidder shall be deemed to act as principal unless there is in force a written acknowledgement by the Auctioneers that he acts as agent on behalf of a named principal.
7. Removal of goods.
 - (a) No purchase shall be claimed or removed until it has been paid for and removed at the buyer's risk and expense, failing which the Auctioneer shall not be responsible if the same are lost, stolen, damaged or destroyed, and all lots not so removed shall remain at the risk of the buyer. If they are not paid for and removed by 8.00 p.m. on the day of the sale, the Auctioneer may resell them by Auction or privately without notice to the buyer. Any liability which there may be on the part of the Auctioneer in respect of any loss shall be restricted to a maximum of the price paid by the buyer of the lot.
 - (b) In the event of any failure of the buyers to comply with any of the above conditions, the damages recoverable by the seller or the Auctioneers from the defaulter shall include any loss arising on any resale of the lot, together with the charges and expenses in respect of both sales, any money deposited in part payment shall be held by the Auctioneers on account of any liability of the defaulter to them or to the seller.
8. The Auctioneers are unable to accept payment for any lots other than by the methods described inside the front cover of this Catalogue.
